

an hour, but I haven't the time this afternoon." "Did it feel scary?" he was asked. "Not a bit; not a bit." "What were your sensations?" "Oh, it was perfectly fine. I enjoyed every minute of it." Governor Hadley, with a long sigh of relief, stepped up to the colonel and piloted him to his automobile. They rode down the field past the cheering crowd and then started for St. Louis.

Walter Brookings and A. L. Welsh, the latter on an endurance run, followed the former President's party in aeroplanes, while Alfred LeBlanc, in a Bleriot monoplane, led the automobile procession. The aerial escort continued for almost two miles from the aviation field.

Brookings entertained the party by cutting sharp curves at dizzy heights and giving a miniature exhibition of his famous spiral glide. The Bleriot, with its back and forth across the colonel's path like a bird.

On the way to St. Louis, Colonel Roosevelt stopped at Clayton, where a great crowd had collected at the court, and where he told of his trip in the air.

From Clayton the colonel drove into St. Louis and went to the state fair grounds, where several thousand school children were waiting to hear him speak. He told the children of his flight. "That is why I am late in coming here to speak to you," he went on. "I know you children would cheerfully play hockey for a week to go up in an aeroplane, so you won't blame me for being a little late."

**Denounces Democratic Party.** Theodore Roosevelt denounced the Democratic party in New York as "an unholy alliance between Wall Street and Tammany Hall" in a speech to-night, and attacked the Democratic party in Missouri by calling it the "party that represents the special interests and special privileges."

Colonel Roosevelt also defended the present position of the Republican party in regard to the tariff. It was Colonel Roosevelt's first speech in the present campaign. The Coliseum was crowded to the doors with a crowd which cheered him frequently. He began his speech by commending Governor Hadley as "an upright and fearless public servant," and saying that the fight in Missouri is similar to that being made in New York.

"In New York State our opponents call themselves the Democracy," said Colonel Roosevelt. "They have the very slenderest relation to any historic national party bearing that name. For in New York State what is called the Democracy consists in reality of an unholy alliance between Wall Street and Tammany. It is enough to make Andrew Jackson, of Tennessee, and Tom Benton, of Missouri, turn in their graves to realize what the organization is that claims to be the Democratic party and to represent the people."

"And as it is in New York, so it is here in Missouri; the genuine party of the people, the party that stands for popular rights, that stands for all the people, is the Republican party, and the party of reaction and of Bourbonism, the party that represents the special interests and special privileges, is the party that arrogates to itself, forsooth, the name of Democracy."

"In New York the special interests, all of the powers that be, hope to keep or to acquire privileges to which they are not entitled, have gone with our antagonists, because they feel, quite properly, that in their ranks is the place for every man who believes in either crooked business or crooked politics, and especially in the alliance between crooked business and crooked politics."

**STRIKERS CALLED TO COLORS**  
French Government Takes Important Step in Facing Serious Situation.

Paris, October 11.—The French government is facing a serious strike situation. The employees of the Northern Railroad went on strike early today, and tonight the strike spread to the Western Railroad, which is owned by the state. Indications are that to-morrow will see a complete stoppage in Northern and Western France.

The strike at the present time involves about 50,000 men. The strike on the Western road was voted this evening by 8,000 men employed in Paris and suburbs. They counted upon the national unions to tie up the railroads, and the movement was expected to spread to the Eastern and Paris, Lyons and Mediterranean railroads.

As is usual in such circumstances, the city of Paris is threatened with a scarcity of food supplies. Freight and mail passenger transportation is partially paralyzed, and the vast army of working people in the northwest are unable to reach their places of business. Military engineers are taking the places of the strikers, and troops are guarding various stations.

**FEELING AGAINST JESUITS IN LISBON**

City Is Quiet and Revolution Seems to Be Absolutely Successful.

Washington, D. C., October 11.—A cablegram from Commander Luby, of the protected cruiser Des Moines, which arrived at Lisbon on Sunday, contained the only official advice on the situation in Portugal received by either the State or Navy Departments to-day.

The revolution seems to be absolutely successful, cable Commander Luby. "All orderly business is being pursued as if nothing had taken place. There is, however, considerable feeling against the Jesuits, who are to be expelled."

**Perfect Tranquillity Prevails.** Lisbon, October 11.—Although the city remains under martial law, pending a reorganization of the administration, the soldiers have been gradually withdrawn from the streets. The people have resumed their business occupations, and perfect tranquillity prevails. Several churches were reopened this morning. The government has announced that the Irish Dominican fathers and nuns, who have conducted a school here for many years, will be expelled from the order of expulsion. This step doubtless is due to the desire of the Republicans to keep on good terms with Great Britain.

The casualty list from the recent fighting falls below the most moderate of previous estimates. The official estimates give the number killed at between 100 and 150. Unofficial estimates place the number still lower.

One of the plans attributed to the organizers of the revolution was to bring off the coup d'etat on October 5, when King Manuel was visiting the Premier in the northernmost province of the kingdom. It was arranged that the train bearing the King should continue through to the frontier and the republicans were to prevent the King from entering Portugal. In the meantime the ministers, who would have assembled in a body at the station in Lisbon to see the King off, were to be surrounded and arrested after the departure of the train. The republicans were then to take possession of the houses of several religious bodies. No opposition was met with. It has been decided to institute a decree enforcing compulsory military service.

**Collision in Alcala.** Alcala, Spain, October 11.—A violent collision occurred in the street to-day between the Republicans and members of the Catholic Club. Many persons were injured, and the police had to separate the combatants.

**Monks on Spanish Frontier.** Madrid, October 11.—Spanish monks and nuns who have fled from the frontiers of the Republic, and who are now arriving at Vigo, Badajoz, and other points on the frontier. At Badajoz, upon the order of the bishop, the monks were ordered to leave the Carmelite convent.

Owing to pending legislation affecting the religious orders, the monks of the convent are being expelled from the Spanish government. Premier Canalejas said to-day that the government was moved with pity to receive the expelled monks, but that a permanent invasion could not be tolerated.

**Vatican Gets Circumspect News.** Rome, October 11.—Advices mailed from Lisbon to Spain and thence telegraphed to Cardinal Merry del Val, arriving at the Vatican to-day confirming the press dispatches that had told of the expulsion of the Jesuits and other religious orders from the Portuguese capital.

Nothing direct from Mgr. Toni, the papal nuncio at Lisbon, had been received up to the prohibition of the expulsion of the Jesuits by the provisional government.

**Manuel Carefully Guarded.** London, October 11.—A news dispatch from Gibraltar states that a suspicious appearing Portuguese, who arrived at the port from Lisbon, has been arrested at Gibraltar.

Since the arrest special precautions have been taken to guard King Manuel.

**THE FEAR OF RUMBUG.** Prevents Many People From Trying a Good Medicine.

Stomach troubles are so common and in most cases so obstinate to cure that people are reluctant to try any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such people themselves are the victims of being humbugged, especially in medicine.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and universally used as **Stuart's Dyspepsia Tablets**.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, but analysis shows them to contain natural digestive ferments, pure aspepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not fully on any organ, but they are powerful digestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartics have and never can cure indigestion and stomach troubles, because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals direct the food. That is all there is to it. Food not digested or half-digested is poison, and it creates gas, acidity, headache, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package.

**HELD OVER BY STREET CAR.** Assistant Dispatcher in Greenboro Is Seriously Injured.

[Special to The Times-Dispatch.] Greenboro, N. C., October 11.—William Provost, assistant dispatcher of street cars, was run over by a car to-night and sustained a fracture of the right leg and a broken collar bone and internal injuries. He was removed from the car and taken to the hospital, where he is now lying.

Provost was on duty at the time of the accident, and was walking to his home, which is near the Normal College, when he was struck by a car moving twenty miles an hour. Fortunately he was caught by the car and stopped within a few feet of the car. He was taken to the hospital, where he is now lying.

The accident was made out by L. H. Mitchell, the postal inspector in charge of this section, with headquarters in Lynchburg. The accident occurred at the intersection of the street car track and the Normal College road.

**YOUNG QUESTIONS OPPONENT**  
Wants to Know if He Is for or Against Senator Martin.

[Special to The Times-Dispatch.] Norfolk, Va., October 11.—While J. Peter Holland, of Southampton, has announced his withdrawal from the race for the new Democratic congressional nomination, his name will appear on the ballots, all of which have been printed and distributed for Friday's primary.

As was expected by those who know James V. Trehy, the report that he had deserted William A. Young for James T. Deal met with a strong and emphatic denial by the clerk of court, and recognized leader of what is known as the advanced or ring faction of the local Democratic party.

It came as no surprise this morning, for Mr. Trehy has always been known for his loyalty above all things else. The retirement of J. Peter Holland from the race instead of clarifying the situation, as was his intention, it is said, adds to the middle. On what side of the triangle of conflict he will support will be found out not now but later. It is that his action will strengthen one man and weaken the other two.

Instead of Mr. Trehy being for Mr. Deal, it is declared that he is for Mr. Young. The question that Mr. Young cannot win, will seek to throw the entire strength under the control of his wing of the party to an independent candidate, a fact which Mr. Young does not deny. He declared that if Young does not get the nomination it is certain that none of the candidates now in the race can win.

Mr. Young created a sensation this morning by giving an interview, in which he declared that he is for E. E. Holland, one of his opponents, is for Senator Martin. The statement is as follows:

In the recent campaign between Mr. Maynard and myself there was practically no issue except the personality of the candidates, but the recent movement upon the part of the people against machine control through the State and against the nomination of Maynard has changed the situation. I am now in a position to declare that I am for E. E. Holland, one of his opponents, is for Senator Martin. The statement is as follows:

"It will not do for Senator E. E. Holland, in the face of such an issue as this, to content himself with the fact that he is independent. The matter is not now one of the past, but of the present and the future, and what the people wish to know is whether, in the coming contest for the United States senatorship in this State, he is for or against the Honorable Thomas S. Martin."

"Candidates must come from under cover and be for or against, not independent. Mr. Maynard has been in the State for a long time, and he should state plainly whether he is for or against Senator Thomas S. Martin in the coming senatorial fight."

"The slogan of 'Independence' in politics will not be satisfactory to a people who wish to know what will be the result of the election. I am for Senator Martin."

Senator Holland said, after reading the Young statement, that he would repeat his Norfolk speech to-morrow night.

"Saying as to whether you are for or against United States Senator Martin," he was asked.

"No," said he, "because I am neither for nor against any one in this fight." Mr. Holland finds himself between two fires, as Congressman Maynard has taken exceptions to a circular spread broadcast throughout the district by the Republican party, and he is in a position to state that he is for or against the Honorable Thomas S. Martin.

"Candidates must come from under cover and be for or against, not independent. Mr. Maynard has been in the State for a long time, and he should state plainly whether he is for or against Senator Thomas S. Martin in the coming senatorial fight."

**PAINFULLY INJURED.** Danville Citizen Struck by Case of "Plate Glass and Severely Injured."

[Special to The Times-Dispatch.] Danville, Va., October 11.—Peter C. Penn, one of the best-known citizens of Danville, and member of the firm of Heldbach, Penn & Company, was painfully injured this afternoon as a result of being struck by a large mass of plate glass, which was being unloaded from a wagon on the corner of Craghead and Loyal Streets.

Mr. Penn was superintending the unloading of plate glass for several stores, when the rope broke, the case falling upon him and knocking him down. He was cut about the back and neck, and sustained bruises about the loins. An examination showed no bones were broken. After receiving medical attention, he was taken to his home on Holbrook Avenue.

**Robbed on Train.** Arthur P. Ripley, president of the Atlantic Varnish Works, reported to the police to-day that he had been robbed of a suit case containing contents valued at \$500 while returning to his home at Albemarle from New York Monday night. It is believed that the theft was committed between Mon Air and Richmond.
